This exploded view diagram illustrates the assembly of a 125cc engine. The central component is the engine block, which includes the cylinder, crankshaft, and cooling fan. Surrounding it are various sub-assemblies and individual parts, each labeled with a number from 1 to 28. Dashed lines indicate the assembly sequence and alignment of these components. Key sub-assemblies include the carburetor (top right), the timing belt and pulley system (middle right), the cooling fan and shroud (bottom right), and the lower engine casing and footrest (bottom left). The diagram shows how these parts fit together to form the complete engine unit.
